

Let FASTTRACK FLOORING from BrightServ simplify your flooring claims handling process.

Submit the flooring portion of your next claim to BrightServ for a complete IteI analysis, accurate valuation, agreed cost of repairs from a local Shaw flooring dealer and guaranteed installation according to your insured's direction. You will always receive scope notes, photos, diagrams illustrating cuts, a validated IteI laboratory report, comparable market selections and an agreed cost of repairs backed by a credentialed Shaw flooring dealer. Of course, with the job completion, you also receive validation of your customer's satisfaction with a copy of their signed Certificate of Satisfaction. Simplify your process with one single all inclusive fee per file.

- BrightServ's managed repair experience assures you that the process will flow smoothly and that your insured will be provided with the quality customer service that they deserve.
- Give your customers the advantage of using a managed repair program while you get the full documentation needed for your claim file.
- Realize process efficiencies that will allow you to focus more time on your other responsibilities.

FASTRACK FLOORING can handle all your flooring needs both for hard surfaces and soft goods. Now you are able to accurately validate the proper pricing for hardwoods, vinyl and laminates too.
